IOWA EXHIBITOR YOUTH CODE OF ETHICS

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club, and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards, and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state, or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only the Official Fair Veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the Premium Book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this Code of Ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco, or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand, and agree to follow this Code of Ethics, and any other rules of competition of the fair or exhibition as printed in its Premium Book.

National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the “IAFE National Code of Show Ring Ethics”, fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animals health certificates from a licensed veterinarian upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animals entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations and rules.
5. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations, and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was

taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian, or on the order of a vet.

6. Any surgical procedure of injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
7. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
8. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair, and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
9. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
10. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
11. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this code of show ring ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including fairs and expositions and any other special notices to members.
12. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action, which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Livestock Auction Guidelines

Market Arrangement for Livestock

Animal Insurance: Due to stress factors and combat between strange animals at shows and in transit, it is recommended that owners get needed insurance.

Beef

- Water and feed is to be withheld from beef from 10 pm Saturday night until after auction weigh-in at 8 am Sunday morning. If violated, you will lose eligibility for that animal to be sold in the auction.
- All beef and dairy steer animals will be sold at auction on Sunday or taken home. Cattle sale order will be decided at random.
 - All Beef must weigh at least 1,100 pounds to sell in the auction. A maximum pay weight of 1,600 pounds will be allowed in the auction. Example: An exhibitor can sell at auction a beef animal over 1,600 pounds but will only be paid on the 1,600 pound maximum weight. If a 1,678 pound steer is sold at auction, it will be paid at the price/pound of 1,600 pounds.

Sheep/Meat Goats

- All sheep/meat goats will be sold at auction or taken home. Sheep/meat goats sale order will be decided at random.
- **All sheep must be 110 pounds to sell at auction.**
- **All meat goats must be 50 pounds to sell at auction.**

Swine

- Exhibitors will have the option to sell up to two swine at auction, sell animals to the designated packer, place them on the truck, or take their animals home after the fair. Exhibitors may choose any swine that they bring to the fair to be put into the auction, market or carcass.
- Animals condemned for drug residue are the responsibility of the exhibitor and will be required to reimburse the buyer.
- A maximum pay weight of 300 pounds will be allowed in the auction. Example: An exhibitor can sell at auction a market hog over 300 pounds but will only be paid on the 300-pound maximum weight. If a 325-pound hog is sold at auction, it will be paid at the price/pound of 300 pounds.
- As decided by the Fair Board, swine will be auctioned at a price per pound bid. Total pounds sold back to the packer will be divided into the check received from the packer to establish a “new” price per pound. Buyers will be compensated, and checks dispersed to the buyers based on this formula. (All questions will be handled by the Fair Board regarding the division of auction money.) Except for hogs going to lockers.
- Each exhibitor must designate at fair animal check-in which 2 swine will be sold in the live auction.
- No swine are allowed to leave the Fairgrounds without a swine superintendent present during the removal of said swine. If making changes to which pigs are being sold after the show you must contact the superintendents and the Fair Office within **two hours of show completion.**

Auction Sale Procedure

- Each participant in the auction will get only 2 sales per species, per exhibitor.
- It is suggested that sheep be led into the auction ring on a halter.
- The seller must announce “NO SALE” before animals leave the sale ring.
- Resale will be allowed for the first two sales in each species and must be announced by the seller before the animals leave the sale ring. The animals will be resold at the end of the auction. If the first sale is completed, the second sale will not have the resale option.
- **Superintendents reserve the right to pull animals from the auction if sick or unfit for sale including cleanliness of pens and aisles.**
- If an animal is misrepresented (sick) when sold in the auction ring, the buyer can reject it if the veterinarian confirms the poor health of the animal.
- Water and feed are to be withheld from beef from 10 pm Saturday night until after auction weigh-in at 8 am Sunday morning.
- The Fair Board, Floyd County Extension, and commodity groups are not responsible for tanked animals.
- Youth are not responsible or liable for livestock after the sale. Out of courtesy and appreciation to the buyer, before leaving the fairgrounds Sunday night, please feed and water the livestock that will be staying at the fairgrounds.
- All livestock sellers except for outgoing seniors will be charged a 5% auction administrative fee. This fee is used at the discretion of the Fair Board to make improvements in the livestock area including but not limited to building improvements, livestock supplies, cages/pens, Herdsmanship awards, etc.
- **All auction youth are to dress in a neat and professional manner. Show apparel including animals in show-ready form. No hats, shorts, tank tops, or dirty/torn clothes will be allowed.**
- All auction participants are encouraged to send thank you notes to the buyers of their projects.

Recycled Art Contest

FairEntry Deadline: June 20 by 11:59 pm <https://floydcounty.fairentry.com>

Bring to Fair: July 15 from 10 am – 2 pm – Youth Enrichment Center (YEC)

Release Time: July 20 at 9 am

The Floyd County Fair Recycled Art Contest is for fun and the thrill of competing with other recycled outdoor enthusiasts. Let your creativity flow while doing good for the earth! We all know that you're supposed to reduce, reuse, and recycle, but for artists, reuse and recycle often have totally different meanings than they do for the rest of us.

Recycled art is creative work that's made from discarded materials that once had another purpose. This includes anything from old plastic toys, and vehicle tires to scraps of cloth and building supplies. Artists who make recycled art take those materials and make them into something new.

Recycled Art Contest Guidelines:

1. The contest is open to all Clover Kid, 4-H, and FFA members. Entries in the contest will not receive ribbons or premiums and will not be considered for state fair. A goal card is not required for the recycled yard art contest.
 - Optional: 4-H members can choose to enroll this project also as a static exhibit. All static rules must be applied including a goal card. The member's goal should reflect the static class selected. One class option could be Home Grounds Improvement under Ag and Natural Resources. FFA members can also take this project as a static exhibit.
2. Static exhibits will be judged during their club time slot. All other entries competing in just the contest must deliver their project to the Floyd County Youth Enrichment Center on Tuesday, July 15 no later than 4 pm.
3. Entries must be made entirely of recycled or previously used materials. Entries made with glass will not be accepted. The entry must be lightweight enough to be moved for display purposes.
4. To be eligible for the Recycled Art Contest, participants must register for the Recycled Art Contest class under Challenge Classes in FairEntry. Entries are due in FairEntry by Friday, June 20 at 11:59 pm.

Judging:

1. Fair visitors will vote on their choice during the fair. Only one vote will be allowed per person.
2. An award basket will be given to each of the following divisions:
 - Best Clover Kids entry (kindergarten – 3rd grade)
 - Best 4th-12th grade entry
 - Second Best 4th-12th grade entry
3. Voting will take place through 11:30 am on Saturday, July 19th. Winners will be announced at noon at the Little Hands on the Farm/Red Barn on Saturday, July 19th, before working exhibits.
